Best Ever A Level Results at FHS

Sixth Formers at Francis Holland School, Regent's Park, NW1 celebrated their best ever A level results. 61% of grades were A*-A and 90% A*-B. There were 80% A* grades too in the Extended Project Qualification, which is worth half an A level.

Girls are going to some of the most selective universities in the world. Lucy Streeton will be reading History at Oxford, Rebekah Hornsby will be studying Classics at Cambridge and Margot Smith will be taking up her place at Cambridge to read Natural Sciences.

Katia Pagano achieved a staggering 3 A*s in Biology, Mathematics and Physics and an A* in her Extended Project and will read Physics at Imperial College.

Other popular UK destinations include Durham University to study French and Italian and also Anthropology, Warwick University to read Maths and Mechanical Engineering, Southampton University to

take Medicine and UCL to read Anthropology, German and Philosophy.

A growing number of FHS students are applying to the USA. This year Saskia de Borchgrave Niblett will take up a place at the prestigious Tisch School of the Arts, New York University.

GCSE and IGCSE results were some of the best ever with 42.8% A* grades and 76.7% A*-A grades.

Mrs Vivienne Durham, the Headmistress said: "These splendid examination grades are a result of extremely hard work by our students and by their teachers. I am delighted that our girls have been so successful in achieving their chosen university places and we wish them much happiness for the next stage of their lives beyond Francis Holland."
