Written in history

Taunton School, Somerset

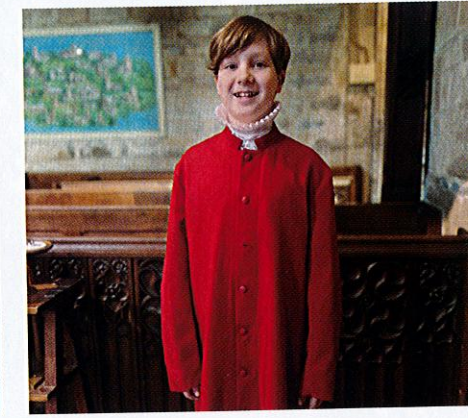

A 76-year-old letter has been found under the boarding house floorboards. Addressed to pupil Michael Wheeler, who went on to be a bronze medallist in the 4x400m relay at the 1956 Olympic games, it reads: 'Darling Mick, I went to 15 shops to get the scout's uniform. Matron will no doubt alter them for you. All my love Mummy xx'. Michael died in January 2020, aged 84.

A very special delivery

Knightsbridge School, London

The London prep has made a video to mark the Queen's Platinum Jubilee. The film, which the children conceived, directed and starred in, depicts the pupils passing a present for the Queen along a human chain past recognisable London landmarks from the school to the gates of Buckingham Palace, where a policewoman is handed the gift.

In fine voice

Port Regis, Dorset

Pupil Rex Wickham has been awarded a choristership at Sherborne Abbey in Dorset. The 11 year old, who is also a talented pianist and trumpet player, has been a member of the school's choirs since 2016, so his choristership appointment is a natural next step. Rex was absolutely thrilled when he sang his first services in early January.
